## GAS AND FIRE FATAL TO 1 WOMAN, 1 INFANT

LOS ANGELES, Jan. 9.—One woman is probably dying and two others in a serious condition at the Receiving Hospital after being overcome by escaping gas from a stove in their apartment.

The flames in the stove were extinguished when the oxygen in the air had been consumed.

The women were found unconscious on the floor by another lodger in the house.

Mrs. Martha Guest, 67, has a slight chance of recovery, doctors at the Receiving Hospital say.

Misses Josephine Page, 17, and Leona Page, 24, are expected to live.

PORTLAND, Ore., Jan. 9.—The two-year-old daughter of T. Nayeta, a Japanese rancher, was burned to death by a fire destroying the home near Portland, this morning. Nayeta, his wife and a three-month-old baby were painfully burned. S. Tabachibana, aged 14, was seriously injured when Nayeta threw him from a window, saving his life.

## SPECULATORS PROFIT BY PRICE OF WHEAT

WASHINGTON, Jan. 9.—The major portion of the 1914 wheat crop is no longer in the hands of the farmers, according to a report issued today by the Agriculture Department's Bureau of Markets.

The enormous profits resulting from present conditions will go to speculators, it is said.

Chief Brand of the bureau predicts the price of bread will be affected, believing smaller loaves for the present price will result.

### WEATHER FORECAST

For Santa Ana and Vicinity—Fair and cooler tonight. Fair Sunday. Severe frost. Northerly winds.

## Beautiful Nineteen-Year-Old Daughter of Speaker Has Announced Betrothal

Miss Genevieve Clark, daughter of Speaker Champ Clark of the House of Representatives, one of the best known young women in Washington, has announced her engagement. She will wed James M. Thompson, publisher of the New Orleans Item. The ceremony will take place some time in the spring or early summer, at her father's home at Bowling Green, Mo. Though she is only nineteen now, she came into national notice at the Baltimore convention in 1912, when she led the cheering for her father when he was named in the convention.

## BROKER DIES BY GUN AS DEBTS FALL DUE

First Suicide Since the Stock Exchange in New York Resumes Business

NEW YORK, Jan. 9.—Following the admission by the Stock Exchange that the brokerage firm of Stringer & Company is unable to meet its obligations, G. F. Stringer, Jr., a junior member of the firm, committed suicide in the company's office by shooting himself in the head this morning. This is the first failure since the Stock Exchange re-opened. The market was not affected.

## KNOCKOUT BLOW IS FATAL TO PUGILIST

SEATTLE, Jan. 9.—Al Anderson of Everett, Wash., known in ring circles as Jack Newton, died this morning twelve hours after his knockout by Ike Cohen, the San Francisco heavy-weight, in a boxing match last night. Concession of the brain is given as the cause.

Three weeks ago Anderson knocked out Cohen in the same ring. Referee Lonnie Austin. Promoter Sam Salt and Cohen are under arrest.

**BLEASE PARDONS 1000**  
COLUMBIA, S. C., Jan. 9.—On the eve of his retirement from office Governor Cole Blease today granted 1000 full pardons to state convicts. All convicts previously paroled were restored to full citizenship.

## Census Shows Growth of Orange Co.

**POPULATION OF  
COUNTY NOW  
IS 56,819**

Reports of Census Takers Indicate Sixty-five Per Cent Growth Since 1910

### ANAHEIM TOWNSHIP OFFICERS GET RAISE

Reports Show Decided Gain in Every Section of Thriving, Growing Land

That Orange county's population has increased sixty-five per cent since the census of 1910 was taken is indicated by figures presented by those appointed by the Board of Supervisors to take the census in each of the townships from which petitions came asking for a count as an adjustment of township officers' salaries. If the estimate is correct, the population of the county is now 56,819. The 1910 census showed it to be 34,436.

The population of Newport Beach has advanced eighty per cent since 1910, that of Fullerton eighty-five per cent and that of Anaheim sixty per cent.

The census of Santa Ana was not taken under orders of the Board of Supervisors, but a directory was just completed, and, according to its publishers, the population of Santa Ana is now 14,000. In 1910 the population was less than 8500. The increase in Santa Ana is about sixty-four per cent.

While most of the townships failed to get raises in salaries for their officers, every township showed tremendous growth and development in the last four years.

**Fullerton Near it**  
Anaheim township with a population of 5336 will hereafter pay justice of the Peace Howard and Constable Kellenberger \$50 a month apiece. Out of the census reports so far received, Anaheim township only passes a mark by which the salaries of its township officers are increased.

Fullerton township has grown in population, but it fell shy 324 of the necessary 8000, the dividing line between a township paying its officers \$50 a month and one paying \$75.

Westminster township is 717 short of reaching 5000 population. E. A. Chaffee, who took the census in that district, reports the total population of the township to be 4283. By precincts the population is: Garden Grove, 1748; Buaro, 635; Westminster, 633; Wintersburg, 649; Bolsa, 598. Chaffee states that the unincorporated town of Garden Grove has a population of 800, Wintersburg 202 and Westminster 243.

For the Fullerton township, C. S. Knowlton's report, filed with the Board of Supervisors, shows that Justice Inskeep and Constable Young must worry along with \$50 a month for a time, just as they have been doing for some time past. By precincts, the township's population of 7676 is made up as follows: Fullerton city precincts, 3221; Olinda, 1016; Yorba Linda, 336; La Habra, 1011; Orangecorpe, 932; Brea, 1160. Knowlton puts the population of the town of Brea at 594 and that of La Habra at 395.

Fullerton city has nearly doubled in population since the census of 1910 was taken. That census showed a total of 1725.

**Salary Doubles**  
Hitherto the justice and constable of Anaheim township have been getting \$25 a month each. Hereafter they get \$50. The population of the township is 3336, of which 4231 is the population of Anaheim city. When the census was taken in 1910 Anaheim had a population of 2628. The population of Newport Beach

LOS ANGELES, Jan. 9.—Warned by the police of other cities that a gang of pyromaniacs who have been operating on the coast were headed for Los Angeles, the police admit today that they believe several fires of the last twenty-four hours may be attributed to them.

## INDIAN TROOPERS OF ENGLAND COOKING CHUPATTIES IN FIELD

## GERMANS TRAP FRENCH IN MINED TRENCH, CAUSING DEATH TO THOUSANDS

BERLIN, Jan. 9.—Special reference is made today to the storming of French positions in Eastern Argonne by a German garrison from Lorraine, aided by the Hessian landwehr, the positions being taken with 1200 prisoners.

Reports say the Germans abandoned a trench after mining it. When the French occupied it the mine exploded, killing all.

Ober Burnhaupt is reported taken from the French with 190 prisoners.

A torrential rain has overflowed the river Lys in Belgium, inundating a large area.

It has been stated that the population of Orange township has gone beyond the 8000 mark, and that the salaries of Justice Armor and Constable Jackson will drift from the \$50 a month class to the \$75 class. However, J. L. Knesel, who is taking the census, has made no report to the Board of Supervisors.

## GOLD SHIPMENTS TO VILLA GO BY DALLAS

DALLAS, Tex., Jan. 9.—Wells-Fargo agents here admitted today that gold in \$50,000 shipments has passed through Dallas, consigned to General Villa. The shipments are said to have been made by New York bankers. The agents refuse to confirm the report that \$3,000,000 was sent recently to Villa.

**LAREDO, Texas, Jan. 9.**—Villaists under General Angeles are attacking Monterey today. Refugees report heavy cannonading. Fifteen thousand Carranzistas are defending the city in strong positions. A generally discredited and unconfirmed report here from Mexico City via El Paso is to the effect that Zapata has imprisoned President Gutierrez on a charge of conspiring with Carranza.

## ALLEGED GERMANS SLEW 3000 NAMUR CIVILIANS

AMSTERDAM, Jan. 9.—According to an Amsterdam newspaper, a commission of inquiry has determined that in the province of Namur, Belgium, German troops killed more than 3000 civilians. It says that at Dinant 700 were killed, including seventy-one women and thirty-one children under fifteen years of age.

## FIREBUG TRIES TO BURN L.A. UNION OIL BLOCK

home of J. H. Chanda this morning after a fire had been extinguished there. Gasoline covered the kitchen floor.

There were several other minor fires. A special police detail has been assigned to the case.

## Commissary Differs and is Apart From That of Regular Troops

The commissary of the Indian troops Great Britain sent to France is something different and apart from that of the regular troops from England, Belgium and France. They must have not only their own eatables, but their own methods of cooking. This photograph shows them making chupatties, a sort of round, flat cake, much like an enlarged pancake, which they cook over fires made in the ground. The dish is one of the necessities of the Hindoo regime, and seldom does a day pass in the camp of these troops when they do not eat chupatties.

## WILLING TO TAKE NEW CHANCE AT PRESIDENCY

Wilson Drops Remark That Indicates He May Run for Executive Re-election

**ABOARD THE PRESIDENT'S SPECIAL, PITTSBURG, Jan. 9.**—President Wilson expressed pleasure today over the reception accorded him at Indianapolis yesterday.

Commenting on the statement during his speech there which many professed to believe intimated that he be a candidate for re-election, the President said:

"I did not intend to start anything. He offered no correction of the impression, however."

The statement in the Indianapolis speech referred to was: "There may come a time when the American people will have to judge whether or not I know what I am talking about."

**WASHINGTON, Jan. 9.**—Democrats and Republicans alike today generally regarded the President's speech at Indianapolis yesterday as an announcement of his candidacy for re-election.

Democrats said the single term plank in the Baltimore convention would be set aside to clear the tracks. Representative Mondell, Republican of Wyoming, said: "The Democrats have had lots of ideas lately, all of which have been bad for the country when put into effect. In the midst of disasters and difficulties, his party has brought upon us, President Wilson still appears optimistic."

**PREMIER VIVIANI'S SON SLAIN**  
PARIS, Jan. 9.—Premier Viviani was this afternoon informed of the death of his younger son on August 22, during the storming of German trenches by the French in Eastern France.

SAN DIEGO, Jan. 9.—(3:09 p. m.) With accidents to many cars, the race at this hour was anybody's race. Alley in Duesenberg was leading at the 22nd lap.

With the exception of Grant, whose Sunbeam was hopelessly out of order, all the drivers got away at 11 o'clock.

The engine of the King car failed to work, however, the car not getting far beyond the starting line.

Callaghan in a Duesenberg was the victim of the first accident, striking a pole near the Theosophical Homestead on the first lap. The car was badly damaged, but the occupants unhurt.

In the fourth lap O'Donnell in a Duesenberg lost two minutes changing tires.

At the end of the sixth lap Rickenbacher in a Peugeot led, making about 65 miles an hour.

Following him were Alley in a Duesenberg, Cooper in a Stutz, Burman in a Peugeot and Gable in a Tahis, in order.

Burman was compelled to stop in the seventh lap when his car caught fire and was badly damaged, a connecting rod being broken.

After leading for the first twenty-two laps, Rickenbacher in his Peugeot car, was forced from the race by an accident to his car, permitting Alley in his Duesenberg to take the lead.

It is estimated 50,000 people witnessed the race. The weather was perfect and the track fast and the race closely contested from the start.

At the twenty-second lap Cooper, Carlson, Ruckstell and Oldfield followed Alley in the order named.

## WOMAN, 27, TRIES DEATH BY BULLET

LOS ANGELES, Jan. 9.—Neighbors hearing a shot in the home of Mrs. May Burks, aged 27 years, rushed to the house and found Mrs. Burks unconscious with a bullet hole in her head, and a revolver lying at her side. At the Receiving Hospital physicians said she had a chance to recover. The neighbors say she has been in ill health.

Santa Ana and vicinity got their share of another installment of winter rainfall which bathed the Pacific coast yesterday from Seattle to Los Angeles harbor. The rain began in this locality at about 3 o'clock. It started as the lightest of drizzles but increased in strength steadily until by the late afternoon and evening it had developed into a good old-fashioned Southern California shower. Abundant promises of wonderfully green hillsides and valleys this spring were brought, not only by yesterday's shower but by those which have been

falling with almost weekly regularity during the past six or eight weeks. Each succeeding rain makes the ranchers and orchardists more jubilant. Bumper crops of vegetables and fruit are already assured by the moisture.

Every drop of yesterday's rain was soaked up by the soil, so gentle was the precipitation.

The greatest benefit was received by citrus and other fruit groves, pasture lands and truck gardens. All possibility of a damaging frost during the next few days was eliminated.

The following table will show the amount of rain in districts surrounding Santa Ana:

## GIANT TABLE BEET, MYSTERIOUS GOURD

Two vegetable freaks, one of them probably the world's record holder for size, have been placed on exhibition at the Santa Ana Chamber of Commerce. One is a giant table beet, grown on the San Joaquin ranch at the ranch house. The beet weighs thirty-nine pounds and measures three feet six inches in circumference. The beet was delivered by James Irvine. It is the largest ever received for the local exhibit and probably has never been rivalled for size.

The other freak is somewhat in the nature of a mystery. For want of a better name it is called a "Tasmanian Avocado" by Secretary Metzgar and George S. Smith. However, as avocados do not grow on vines, both Smith and Metzgar are probably a trifle amiss in their guesses as to the name of the mysterious fruit. The vegetable, which resembles a sort of melon or gourd, is oval in shape, has light yellow and green stripes running lengthwise and measures about nine inches in length. It is about six inches in diameter.

Smith, back of whose undertaking parlors the plant grew this summer, says that the vine is a very fast grower, one of the tendrils having grown twelve inches in twenty-four hours. The vegetable has a hard rind. It may be used as a substitute for making rubber. The plant is attracting a great deal of attention. It has sent out shoots of forty feet in length in four different directions.

## ANOTHER GUSHER ON STANDARD'S LEASE

Fullerton Tribune: The Standard Oil Co., has just brought in the third of a trio of wells, all within 750 feet of each other, the value of whose combined product is estimated at \$2,000,000.

The last well is No. 14 on the famous Emery lease. It is producing 3000 barrels of 28 gravity oil per day.

Six weeks ago No. 12 of this trio of wealth producers was brought in with a daily delivery of 5000 barrels of high grade oil.

The other well is the famous No. 7 which started off with the phenomenal output of 10,000 barrels daily and later dropped to 5000 barrels per day.

This group of wells alone would place the Fullerton oil field in the front rank of oil-bearing territory in California, the three producing 12,000 barrels of the golden stream of oil daily.

## AUTOS ARE SMASHED BY-BUMP AT CROSSING

Anaheim Herald: Last evening about 5:15 o'clock the auto driven by H. F. Ashley of this city smashed into a car driven by Mrs. C. C. Atkins of East Center street as she was making the turn on Center street at the intersection of Center and Claudina streets.

Mrs. Atkins had come east on Center street to the Claudina street crossing and there made the turn. Ashley was coming west on Center street and smashed into the other with such impact that the little car was pushed

down the street, thirty-five feet at an angle of 45 degrees, by the big machine. Luckily no one was hurt. In the car with Mrs. Atkins were her sister, Mrs. F. B. Dickerson, her mother, Mrs. C. A. Biglow, and a little girl. In the mixup one car suffered a smashed rear right wheel, punctured tire, a bent fender and a dent in the back of the car. The other car had the front driven back and the lamps twisted.

Onlookers claim that Mrs. Atkins had the right-of-way and that Mr. Ashley had not been watching the street as well as he should have been. Under reasonable circumstances the accident should have been averted. Mrs. Atkins made the turn at the street intersection—a thing not done by many drivers—and was almost over to the sidewalk when hit. Both cars were run away on their own power.

This is another instance of where auto drivers do not keep within the state law of passing intersections at the rate of ten miles an hour. The Daily Herald has drawn this point to the attention of the speedsters who ignore the state law and forget about the pedestrians who may wish to cross the street. In this Mr. Ashley is not at exception as the average driver in this city is doing the same thing every day.

### THIS IS A BAD MONTH

—The indoor life of winter, with lack of outdoor exercise, puts a heavy load on the kidneys. Nearly everybody suffers from rheumatism, backache, pain in sides and back, kidney and bladder ailments. A backache may not mean anything serious, but it certainly does not mean anything good. It's better to be on the safe side and take Foley Kidney Pills to strengthen and invigorate the kidneys and help them to their work. They help rid the blood of acids and poisons. ## MOVEMENT A FOOT TO LAUNCH Y. M. C. A.

Option Secured on Santa Ana  
Athletic Club Property;  
Mass Meeting Tuesday

ASSOCIATION SEEMS  
CERTAINTY AT LAST

Move Grows Out of A. C. Re-  
organization Banquet Held  
Thursday Evening

Called primarily to consider a re-  
organization of the Santa Ana Athletic  
Club a meeting of club members and  
men prominent in local public affairs  
held at Taylor's confectionery Thurs-  
day evening culminated in the launch-  
ing of a definite concerted movement  
for the establishment of a Young  
Men's Christian Association in Santa  
Ana.

A committee composed of J. A.  
Cranston, city superintendent of  
schools, chairman, and Rev. Paul E.  
Wright, C. E. Lamme, J. C. Metzgar  
and Martin Warren was appointed  
Thursday evening and their investi-  
gations resulted yesterday afternoon  
at 4 o'clock in the securing of a nine-

ty-day option on the entire property  
at the corner of Spurgeon and Third  
streets owned by the Athletic Club.  
The movement to establish a Y. M. C. A.  
headquarters in this city has been  
afoot in a more or less desultory  
way for the past eight or ten years.  
For various reasons the project never  
met with sufficient encouragement. It  
now appears that the campaign begun  
Thursday evening will bear fruit. Santa  
Ana is to have a real Y. M. C. A.

Several financial pledges have al-  
ready been made and many prominent  
citizens have assured the committee  
of their hearty co-operation and sup-  
port.

An official report on the findings of  
the committee will be made by that  
body at a big mass meeting to be held  
next Tuesday evening in the council  
chamber of the city hall. Chairman  
Cranston announces that all interest-  
ed in the project are earnestly re-  
quested to be present.

The banquet and boosters' meeting  
held in the gold room at Taylor's  
Thursday evening was fostered by the  
directors of the Santa Ana Athletic  
Club. Although the local club has  
paid those at its head handsomely in  
dividends ever since its inception,  
there has been for some time a cer-  
tain feeling of dissatisfaction as to  
regulations and the administration of  
the club's affairs. It was for the pur-  
pose of re-organizing the club and ad-  
justing these matters to the satisfac-  
tion of all concerned that Thurs-  
day evening's meeting was called.

After the very elaborate dinner,  
served in the customary Taylor fash-  
ion, discussions of plans for re-organ-  
ization were begun. The keynote of  
the opening remarks was that the club  
should cover a wider field and have  
a better influence in the community.

With Rev. Paul E. Wright acting  
as toastmaster of the evening, R. R.  
Foley, athletic director of the club,  
gave a brief outline of the club work  
and the proposed changes and what  
these changes would mean as to cost  
and benefits to club members.

Remarks then made by club mem-  
bers who have taken part in and ben-  
efited by the work conducted by the  
club brought out the fact that only  
a very few were within real reach  
of the club's activities as concerns  
athletics.

This brought up the subject of  
broadening the field so as to bring the  
benefits of athletics or physical train-  
ing within reach of the younger boys  
along the lines generally followed in  
Y. M. C. A. activities. The conversa-  
tion then drifted toward the possibi-  
lity of a Y. M. C. A. for Santa Ana. The  
desirability of such an institution was  
strongly dwelt upon by J. A. Cran-  
ston, J. C. Metzgar and Rev. Paul E.  
Wright.

All present were very much inter-  
ested in the proposition and with the  
discussion growing warmer and more  
enthusiastic the committee was ap-  
pointed to make its investigation.

Those present at Thursday even-  
ing's meeting were E. M. Galbraith,  
Fred Taylor, J. A. Cranston, Rev.  
Paul E. Wright, G. E. Remsburg, A. H.  
Pease, H. L. Hanson, J. C. Metzgar,  
C. F. Holt, Martin Warren, Dean Cul-  
ver, C. W. Miller, M. L. Keeler, J. H.  
Turner, C. E. Lamme, Mr. Greenleaf,  
Don Minnikin, H. T. Rutherford, A.  
W. Pease, G. L. Crawford, Walter  
Vandermaast, George L. Reilly, Robert  
Bunch, R. R. Foley, Vern Smith and  
Newton Benedict.

Gray hair, however handsome, de-  
notes advancing age. We all know the  
advantages of a youthful appearance.  
Your hair is your charm. It makes or  
mars the face. When it fades, turns  
gray and looks dry, wispy and scrag-  
gly, just a few applications of Sage  
Tea and Sulphur enhances its appear-  
ance a hundred-fold.

Don't stay gray! Look young!  
Either prepare the tonic at home or  
get from any drug store a 50-cent bot-  
tle of "Wyeth's Sage and Sulphur  
Compound." Thousands of folks recom-  
mend this ready-to-use preparation,  
because it darkens the hair beautif-  
fully and removes dandruff, stops scalp  
itching and falling hair; besides, no  
one can possibly tell, as it darkens so  
naturally and evenly. You moisten a  
sponge or soft brush with it, drawing  
this through the hair, taking one small  
strand at a time. By morning the  
gray hair disappears; after another  
application or two, its natural color is  
restored and it becomes thick, glossy  
and lustrous, and you appear years  
younger.—Advertisement.

## IN THE JUSTICE COURTS

### GIRL CAPTURES SHOP-LIFTING MEXICAN

Miss India Cozad Grabs Him by  
Coat and Takes Stolen  
Sweater From Him

MAN WHO IS CAUGHT  
SERVED TERM IN JAIL

Bump Looked Like a Gun, But  
Not Proven to the Court That  
it Was a Gun

Detecting a Mexican stealing a  
sweater from her father's store, Miss  
India Cozad, aged 18, seized the thief  
and held him. The plucky girl tried to  
hold two men, but one broke away.  
The other was captured.

Miss Cozad was helping at W. J.  
Cozad's store at 901 West Fourth  
street this morning when three Mex-  
icans came in. The girl had been  
playing a guitar, which she laid down  
while she waited on the customers.  
One of the Mexicans picked up the  
instrument and leaned against a table  
on which a number of sweaters were  
displayed.

Recently Cozad has missed several  
articles from his store, and he sus-  
pected that two or three Mexicans,  
who had been in the store frequently,  
had stolen them. He had told his  
daughter to watch closely when the  
men came in.

When the trio stepped in this morn-  
ing the girl recognized two of them  
as men referred to by her father. One  
of them said he wanted to buy a col-  
lar, and the girl went toward the rear  
of the store to the place where the  
collars are kept. The Mexican who  
picked up the guitar leaned in  
such a way as to shield his companion,  
who picked up a sweater and shoved  
it inside the bib of his overalls.

Miss Cozad saw the sweater disap-  
pear, and immediately she started  
back toward the place where the two  
men stood. The Mexican who had  
waxed a collar bolted. He saw there  
was trouble on hand.

The other two started to leave hur-  
riedly, but the girl grabbed one of  
them by the arm. He swung his arm  
backward, and threw her against a  
counter. At the same instant she laid  
hold of the coat lapel of the third  
Mexican, the one she had seen take  
the sweater, and the way she jerked  
that Mexican to a sudden stop showed  
very plainly which of the two, the  
girl or the Mexican, had the greatest  
strength. The fearless girl seized  
the bib of the overalls with her free  
hand, and at the same time shouted  
for help.

Victor Finster, who works in the  
store, was in another room. Hearing  
the call, he ran to where Miss Cozad  
and the Mexican stood. Before he  
got there the girl had seized an edge  
of the sweater, and had taken it away  
from the man.

Finster telephoned to the city mar-  
shal's office, and Officer Pond went to  
the store and got the shoplifter, and  
took him to jail.

Sheriff Jackson quickly recognized  
the prisoner as C. Lara, a man who  
was arrested by Jackson in Decem-  
ber, 1913, for stealing a sweater from  
Knoller's store. For that offense,  
Lara served six months in jail. He  
will be charged with a prior, and  
will more than likely be sent to  
San Quentin.

Miss Cozad has been highly com-  
mended by the officers for her fear-  
less behavior. Her father, W. J. Co-  
zad, is proud of the way in which the  
girl handled the situation. He states  
that he taught her to box, and that he  
thinks that is one reason why she was  
not afraid to mix it with the Mexi-  
cans.

The two Mexicans who escaped ran  
to Fifth street, and there turned west.  
They have not been caught.

**EAT LESS MEAT  
IF BACK HURTS**

Take a Glass of Salts to Flush  
Kidneys if Bladder  
Bothers You

Eating meat regularly eventually  
produces kidney trouble in some form  
or other, says a well-known authority,  
because the uric acid in meat excites  
the kidneys, they become overworked,  
get sluggish, clog up and cause all  
sorts of distress, particularly back-  
ache and misery in the kidney region;  
rheumatic twinges, severe headaches,  
acid stomach, constipation, torpid liver,  
sleeplessness, bladder and urinary  
irritation.

The moment your back hurts or kid-  
neys aren't right, or if bladder bothers  
you, get about four ounces of Jad  
Salts from any good pharmacy; take  
a tablespoonful in a glass of water  
before breakfast for a few days and  
your kidneys will then act fine. This  
famous salt is made from the acid of  
grapes and lemon juice, combined with  
lithia; and has been used for genera-  
tions to flush clogged kidneys and  
stimulate them to normal activity; al-  
so to neutralize the acids in the urine  
so it no longer irritates, thus ending  
bladder disorders.

Jad Salts cannot injure anyone;  
makes a delightful effervescent lithia-  
water drink which millions of men and  
women take now and then to keep the  
kidneys and urinary organs clean, thus  
preventing serious kidney disease.

**VILLA AND SCOTT IN  
CONFERENCE ON BORDER**

EL PASO, Tex., Jan. 9.—Gen. Fran-  
cisco Villa conferred last night on  
American territory with Gen. Hugh L.  
Scott, chief of staff, relative to the es-  
tablishment of a neutral zone along  
the Mexican-American border for the  
protection of American citizens.  
Neither of the principals to the con-  
ference would discuss it when it was  
concluded.

The conference follows the killing  
and wounding of half a hundred Amer-  
icans at Naco, Ariz., while Villa troops,  
under Governor Maytorena of Sonora,  
were attacking the Carranza garrison  
at that point.

It is reported here, but not confirm-  
ed by General Scott, that he had in-

guilty of a charge of carrying a con-  
cealed weapon. He was arrested at  
a Mexican dance at Delhi. Sheriff  
Jackson saw him run through a crowd,  
pulling at his side as though trying  
to ditch a revolver. When Jackson  
caught the man he had a scabbard  
on his hip, but no revolver. Arthur  
Murrieta testified that earlier in the  
evening he saw a hump on Cordova's  
hip that looked as though it was  
made by a revolver. Attorney Wal-  
lace Davis in cross-questioning wit-  
nesses held forth the fact that no one  
had actually seen Cordova's revolver.  
Justice Cox found the man not guilty.

## AT THE COURT HOUSE FUTURE CITIZENS OF COUNTY GET THEIR FIRST PAPERS HERE

Three prospective citizens of this  
country have taken out their first pa-  
pers of citizenship. One of them is  
Antone Swenczicki, a baker of Full-  
erton. He was born in Russia twenty-  
five years ago, and came to America  
in 1907. Another is Eberhart, Heil,  
a farmer on R. D. 2 Santa Ana. He was  
born in Hungary twenty-nine years  
ago and came to this country in 1906.  
The third is James W. Bishop, a mer-  
chant of Buena Park. He was born  
in Canada, and crossed the border in  
1901.

Louis Bengolia petitions for final  
papers of naturalization. He was born  
in Austria in 1868. He is a shoe-  
maker at Orange. E. A. J. Mueller  
and A. P. Jacobson are witnesses who  
have known him five years.

of John McDonald, a Bolia rancher.  
The estate, worth \$5,000, is left to the  
widow, and on her death will pass to  
three sons. The will was written on  
November 21, 1912.

Mary E. Monnett of Fullerton has  
applied for letters of administration on  
the estate of O. E. Monnett. The es-  
tate is worth \$1200. S. M. Davis is at-

## BRITISH REPLY TO U. S. NOTE IS PACIFIC IN TONE

WASHINGTON, Jan. 9.—The reply  
of the British government to the note  
of protest of the United States  
against some effects on American  
trade of the British policy of trying  
to "starve out" the Germans and  
Austrians was received at the State  
Department yesterday afternoon. The  
note was transmitted in code by Am-  
bassador Page of London, and was de-  
ciphered only a few minutes before  
Mr. Bryan left the State Department.  
The note is not Great Britain's  
complete answer to the representa-  
tions of the United States in regard  
to interference by Great Britain's sea  
patrol with American trade.

It can be said that the note receiv-  
ed yesterday is characterized by as-  
surances of the utmost good will on  
the part of the British government.  
In fact, it is understood that one rea-  
son for the reply of Great Britain be-  
ing sent in two notes is the fact that  
the British government was anxious  
to put itself on record at the earliest  
possible moment as the well-wisher of  
American interests.

The note disclaims the slightest de-  
sire on the part of Great Britain to  
harm American trade in any way.

It is apparent that the British gov-  
ernment, while adopting a most con-  
ciliatory tone with regard to certain  
questions raised by the American  
note, will seek to break down the  
force of some American contentions  
regarding the effect of the British  
policy on American trade.

## RAILROADS NOT TO FIGHT INCREASE IN TAXATION

SACRAMENTO, Jan. 9.—James H.  
Oliver, who is representing all the  
steam railroads in the state, declared  
yesterday that the railroads had no  
objection to the proposed tax in-  
crease to offer of the railroad tax  
bill introduced by Senator Thompson  
of Los Angeles, and were anxious to  
subscribe to any fair method of adjust-  
ing the taxation burden.

"If Governor Johnson is correct in  
his assertion that the railroads are not  
paying taxes proportionate to the in-  
dividual," said Oliver, "we will gladly  
assent to whatever increase is neces-  
sary to bring about an equality."

The bill offered by Senator Thomp-  
son calls for an increase in the tax  
rates now fixed for the various corpo-  
rations. The proposed bill followed the  
maintenance in Governor Johnson's al-  
lenance message that the public utility  
corporations should be compelled to  
pay the same rate of taxation that is  
paid by the small household.

**STATE PURCHASING DEPARTMENT**  
The recommendation of \$50,000 is made for the establishment of a State Purchasing Department, so that the state may make its purchases for its institutions and departments under the same advantages as corporations engaged in private business.

The State Board of Control and Controller have no hesitancy in asserting that with the expenditure of \$25,000 a year for the State Purchasing Department, a minimum net saving of \$200,000 a year can be accomplished, beginning in the very first year of its existence.

During the last three years the Board of Control has found it necessary to make centralized purchases of certain articles. Invariably the savings has ranged from 15 to 30 per cent. It is elementary that where the state enters into contracts at twenty or twenty-five different places for the purchase of quantities of the same article, instead of entering into one contract for the entire amount, the bids received at the different points on the smaller quantities are much higher than the price would be if all of these smaller amounts were bulked and one contract let for all of the institutions and departments.

In addition to advantages in purchasing, the establishment of this department would enable the state to take advantage of many discounts of which it is now deprived because of the statutory requirements that bills for goods await the approval of the local boards of managers. This is not a reflection in any degree on any local board of managers, for the reason that these local boards are composed of busy men who visit the institutions only once a month and are required by law to affix their signatures to expenditures of which they know absolutely nothing. Many of the members of these local boards have complained to the Board of Control that they are required by law to jeopardize their good names by signing bills and accounts with which they are not familiar.

The state's business has been systematized to a degree which will compare favorably with conditions prevailing in efficiently managed private corporations. It is plain, however, that the work cannot be thoroughly done until the state takes the step towards centralized purchasing that was taken many years ago by private corporations.

It is hard to conceive in this day and age of any railroad company, for instance, having its agents scattered along its lines letting yearly contracts for office supplies, trucks, and like equipment.

The purchasing department should be an independent department of the state government, subject to proper check in the making of contracts.

**UNEMPLOYMENT AND WOMEN'S FASHIONS**

The incessant changes in styles for women were called a great cause of unemployment at the convention held to discuss this subject the past week at Philadelphia. Miss Juliet Stuart Poyntz, who has made a study of the reasons why people are out of work, said that women continually make so many changes in wearing apparel, that manufacturers never know what to make until the last minute. They shut down while style changes are pending, then work overtime.

The reason why the average man spends less for clothes than the average woman is not that masculine clothing is essentially less expensive. It is more that the man wears his suit until it looks shabby. The woman merely wears hers until it looks behind the game, though it may still be perfectly neat and attractive.

As more and more women enter commercial careers and see things more in a business light, they seem somewhat averse to needless changes. The business girl's neat trim suit and walking shoes look more like standard feminine world has devised for twenty centuries. Manufacturers that produce this kind of goods must be able to run with some degree of steadiness.

The number of women who follow closely the caprices of fashion is probably exaggerated. Hard working families have no money to throw away on whims. Slight concessions of price by merchants on goods that seem likely to go out of style are quickly snapped up.

The free use of advertising is a great stabilizer. The merchant with a stock affected by a fashion change knows how he can sell it without a great loss. All which tends to promote

**The Political Watchtower**

We haven't had a look out of the Watchtower for a week or so, and as we pull up the blinds and take a squint out over the city the first duty imposed upon the spyglass is to locate a candidate for member of the Santa Ana Board of Education. It takes more than a spyglass to pick one out. There doesn't seem to be any of them in range.

They are scarcer than candidates for city trustee. The Watchman got it straight from a member of the present board that none of the four who compose it is going to be a candidate this spring.

Since the resignation and departure of Harry G. Dean the middle of last summer the school board has had but four members, no successor to Dean having been selected. It seems that the board concluded that the term could better be finished up without a fifth member. The same thing was done here a few years ago, a board going through most or all of its last year in office shy one member. Those on the board at the present time are W. L. Duggan, president; Mrs. W. M. Smart, Mrs. E. B. Norman and L. J. Carden. Carden was appointed about two years ago to fill the vacancy caused by the death of J. M. Cain.

But there will be five to be elected. There has not been much talk concerning candidates for those positions. About all the Watchman has heard is that some of the alumni of the Santa Ana high school think it would be a good idea to have at least one member

**INLAND SAN DIEGO WAY IS TACK-STREWN**  
RIVERSIDE, Jan. 9.—Motorists are being warned to keep off the inland route to San Diego, as those highways were found yesterday to be strewn with tacks.  
Automobile parties leaving here for San Diego wired back information that vandals have practically closed the valley routes for the time being by sowing large tacks in many places between Elsinore and San Diego. More than 100 cars were laid up for hours with punctured tires at various points between Elsinore and Escondido.

**AMUSEMENTS**  
**At Clune's Saturday and Sunday**  
"Convict, Costumes and Confusion" (Vitagraph). A special two-part feature for which the author, A. L. Stillman, deserves credit. Billy Quirk has the leading role of "Leary Mike," a convict, who escapes and creates the confusion. Lee Beggs is a director and also plays the part of Jones, who is a gay old sport and the owner of a tangerine wife, who is always on the job (Rica Allen). The action is fast and furious but not of the slap-stick order, and the scenes are numerous and varied in locations, the funniest of them being at the beach, where a mix-up of apparel takes place. A Mephisto costume cuts a big figure in the plot. This comedy is a crackjack.

**ORANGE HIGH IS TO HAVE A NIGHT SCHOOL**  
ORANGE, Jan. 9.—Encouraged by the success that is being made by the night school recently started by the Santa Ana High School, steps are being taken here for the beginning of a similar department. At a meeting of the high school board held last night Principal Johnstone was instructed to investigate the methods employed at the Santa Ana school and at various schools in Los Angeles county. Johnstone will make his report at a meeting to be held at an early date.

**McDannald Writes of Sights at San Diego**

SAN DIEGO, Dec. 31.—I am garnering a lot of pleasure loitering around the city front watching the water craft glide noisily over the smooth surface of the bay. They seem to come from everywhere, and I suppose when they have filled their mission, will return from whence they came. There seems to be such a diversity of design too. While I was watching today an aircraft came sailing by, dipping and maneuvering with as much elegance and ease as one of the feathered tribe whose antics he seemed to be attempting to imitate. From a high altitude he turned his apparatus on its beam end and shot down toward the water with a reckless daring that caused the machinery in my anatomy to slip a cog. Striking the water gently, the craft glided along with the ease and speed of a motorboat. Then it climbed aloft again, darting here and there with as much control as a gull, or a condor. These performances were repeated time and again, until the operator thought I was tiring of it, then he elevated the frail craft to a safe height and sailed away toward Point Loma, and came again no more.

Over there on the Coronado side of the bay, hawsered to the long wharf, lies a school of torpedo boats, with deck and funnel down close to the water's edge. These implements of warfare are built like a greyhound, for speed, not beauty. I would never select one of them for a comfortable voyage. Just in front of me a submarine is tugging at its anchor, bulldog fashion, and I guess it's better that I move away before the chain breaks, or the collar slips over its head. Over to my right, half a league or so away sits a snug craft, with thick, black smoke gently oozing from her funnels. A "Jack Tar" is passing by and I ask him the name of the mysterious critter. He gave me such a look as I will never forget, though I should tarry here another hundred years and said: "Sir, that is the battleship San Diego," and all the reply I could think to make was, "uh, huh, I thought so." We are momentarily expecting to see the Tennessee, a twin sister to the San Diego, shove her nose around the point. I believe these formidable men of war have been brought here to awe any foreigner who thinks he can steal up on our proud bird of freedom and throw salt on his caudal appendage. Out in the channel, are three Mexican vessels—two masters—and all freighters. On one spar hangs the emblem bearing the cross and the serpent, on the other floats our own starry banner, proud flag of the free. These ships dare not go back in their own waters to ply their trade for they are neutral, and everything and everybody must take sides down in that unsettled land beyond the border.

In my rambles around the city, through the parks, and along the country highways I have accumulated a gait that is almost alarming. Yesterday I held up two automobiles, one big storage van, and caused a motor-man to blow out a fuse.

This city seems to be abundantly supplied with all branches of mercantile houses, including dealers in "red likker." For the life of me I can not see how a town can thrive with so many well patronized saloons as San Diego has.

"Opening Day" was ushered in with great eclat, and the sound of revelry and much mirth. Every water craft on the bay having a horn or trumpet opened its mouth and let the sounds peal forth. Big guns at Fort Rosecrans belched a stream of fire and the sound was awful. So awful the old Mission walls trembled, a few adobe fell from their long resting place, and the quiet looking neophytes were startled from their slumbers. I went out to the fair grounds and mingled with the rabble. The long corridors, esplanades, and verdure-bordered walkways were thronged with a crowd of noise-maddened people. Cowbells, tin horns, auto sirens, anything and everything that would emit a sound, even the human throat, was turned loose to the utmost. When I came home at midnight my head was so full of noise I failed to hear the car man call my street, and was carried several blocks beyond my lodgings. None of the buildings were opened to visitors last night, but the grounds were packed. A large crowd was astray early today, and the few buildings that were ready had a liberal patronage. They were mostly home people, by the way, very few strangers seeking information. Notwithstanding the statement made by the San Diego papers a few nights ago that all the exhibits were in place, as a matter of fact there are only three or four that are complete, and some of them have scarce begun to arrange their displays. The Southern California building is the nearest complete of any on the grounds, and it requires a few finishing touches.

The more I see of other sections, the prouder I am of Orange county. For several years I have delighted in praising her charms, and when the story is told and retold, and travels on the breath of tireless wings from shore to shore of this mighty republic and the reader believes, and drinks in the grandeur of our wonderful climate and rare possibilities nothing can keep him away, and his name upon our assessment roll will be legion.

# Doings In Social and Club Circles

## NIGHTINGALE CLUB

Mr. and Mrs. B. F. Nimmo Hosts at Pleasant Evening of Progressive Whist

One of the delightful meetings of the Nightingale Whist Club was held last night at the residence of Mr. and Mrs. B. F. Nimmo, which was handsomely adorned with roses and greenery. There were four tables of players engaged in the games of progressive whist, with Mrs. Frank Hoffman and J. E. Pearce capturing first prizes. The consolation awards went to Mrs. J. E. Pearce and Charles O. Artz.

Following the spiritedly contested games the hostess served inviting refreshments and a purely social hour was enjoyed with conversation and music. Mr. and Mrs. Drake gave some charming musical selections. Mrs. Drake at the piano accompanying her husband's singing.

Those present besides the host and hostess were Messrs. and Mesdames Frank Hoffman, Herbert Grove, Roy Smith, A. L. Swarthout, Chas. Johnson, J. E. Pearce, F. D. Drake.

## Error in Names

The name of Mrs. Carl Strook was mistakenly used yesterday for that of Mrs. P. F. Schrock, who was taken into Amphion Circle membership at Thursday afternoon's meeting. Similarity in names rendered more striking in transmission over the telephone caused the error.

## Society Sandwiches

Society is now serving Harman avocado sandwiches, the receipt for making being as follows: Remove skin and seed from one avocado. Mash the flesh, add salt, pepper, a dash of vinegar, lime juice or salad dressing, and spread liberally on lettuce leaf between thin slices of buttered bread. Very delicious.

## The Music Section

The Music Section of the Ebell will meet at the home of Mrs. H. G. Hull, 1104 Main street, on Monday afternoon, at 3 p. m.

Miss Kassa Bailey is chairman of the committee in charge of the program and the subject is "Indian Music."

## Santa Ana Club Entertained

Mrs. Jack Jeniges most pleasingly entertained the Embroidery Club of Santa Ana, and of which she is a member, at her home in Garden Grove on Wednesday afternoon. The time was spent in doing fancy work, after which dainty refreshments were served. Those present were Mrs. Sidney Carmack, Mrs. Ada Paul, Mrs. Fred Avis, Mrs. Clarence Brown, Mrs. Cornelia Berry and Mrs. Cole. Garden Grove News.

## Noted Whistler Tonight

Everybody wants to hear the greatest American whistler tonight at the First M. E. church, corner Sixth and Spurgeon streets. The sweet, bird-like notes will re-echo in your memory for days and weeks to come. Miss McKee entertained a crowded house at Pasadena last night, and many were turned away for lack of room. No one should fail to hear Miss McKee tonight. A silver offering will be taken at the door.

## SCHOOL CHILDREN PLEASE

Entertainment at Elks' Hall Successfully Given With Excellent Program

While the rain prevented many from attending the entertainment given by the school children at Elks' hall last night, those who braved the damp weather were more than pleased with the excellent program.

Much praise is due the teachers who had under their supervision the numerous exercises, songs, instrumental music and folk dances given by the pupils of eight Parent-Teacher Associations, and just as much praise is due the young people and little folks who carried out the program so successfully.

These entertainments necessitate a great deal of time, tact and patience in course of preparation, and it is regretted the financial outcome was less flattering than it should have been, owing to the rain.

## —O— SPLENDID BANQUET

Sunday School Officers and Pastors of Church at Pleasant Gathering

In spite of unfavorable weather conditions the banquet held last evening in the dining hall of the United Presbyterian Church under the auspices of the Orange County Sunday School Association proved a decided inspiration. The pastors and superintendents present represented, in a measure at least, the work throughout the county. The banquet served by the ladies of the United Presbyterian Church was most satisfactory, being daintily and tastefully appointed. All the discussions of county-wide problems were heartily entered into and decisions that will be far-reaching were made. The subject of a county-wide canvass in the interest of the church and Sunday school received a most cordial indorsement and a committee headed by the county president, Rev. Paul G. Stevens, will meet today to district the county and lay plans for reaching every home in the entire county by a thorough canvass in a single day. The address by Prof. J. A. Montgomery of U. S. C. was most inspiring and helpful. He followed closely the theme, "The Educational to the Church," laying stress on the Sunday school, the teaching activity of the church, as one of the greatest forces today in the world's religious education and evangelization. The association was fortunate in having present also Mr. H. M. Patterson of Los Angeles, who is connected closely with the state work. He spoke helpfully along the line of more aggressive Sunday school effort.

All present voted that the evening had been pleasantly and profitably spent and a feeling was prevalent that the county association is growing to be a greater factor in the federated Sunday school work.

This was the first of a series of conferences to be held in the county by the association for the consideration of better Sunday school methods and the putting of them into practice.

**Embroidery Club**  
The C. E. S. L. Embroidery Club was recently entertained royally at the lovely new home of Mrs. Clyde Deardorff (nee Lela Thomas) in Tustin. After admiring the house and many wedding gifts the girls spent the afternoon with conversation and embroidery. At the close Mrs. Deardorff, assisted by her sister-in-law, Macie Deardorff, served refreshments to the following: Mrs. Ralph E. Williams, Mrs. Arthur Martin, Mrs. Leora Harris, Miss Helene McNeill and Miss Grace Clements.

**W. C. T. U. Meeting**  
The W. C. T. U. will meet on Tuesday at 2:30 p. m. at the First Christian church. Mrs. M. E. Jenkins, state lecturer, will give an address on "Peace."

Everybody is invited to attend this meeting.

## ECONOMICS CLUB MEETS

Fifth Section of Ebell Enjoys Profitable Session at Whidden Home

The members of the Fifth Section of Ebell Household Economics met yesterday afternoon with Mrs. G. A. Whidden, 518 South Main street. In spite of the threatening weather nearly every member was present. The house was made warm and bright by a cheerful blaze in the large fireplace.

As roll was called, each one responded with an idea on saving steps in the house. Many good suggestions were given. Miss Blanche Tiede read a very excellent paper on "Motion Study, Standard Practice," a general discussion and a social time following.

Delicious refreshments were served by the hostess, Mrs. G. A. Whidden, Mrs. Howard Wassum and Miss Josephine Tiede, pleasantly concluding what had proven to be a thoroughly enjoyable afternoon.

## DECLARE LOMITA FENCES ARE DOWN, SO NO TRESPASS

Reported That Fight is to Be  
Made on Cases Brought  
by Keepers

Los Angeles Times: The extreme high tides which have been playing havoc along the south coast for the past week have also been the cause of many duck hunters getting "in bad" with the gun club keepers, and numerous arrests have been made.

During these flood tides which seem to cover the entire low country around the gun club district, it is possible to row, unbeknown, into some of the club preserves.

Otto Messer, one of the men arrested at the Lomita Club New Year's day, claims that he never knew he was in their territory as the fences he passed were down in places and were not posted. As he rowed about with the tide, however, two men carrying shot guns placed him under arrest, neither of whom, he said, had stars or badges of any sort to prove their authority. Messer is only one of a number taken that day by the Lomita "hired hands."

At the Bolsa Chica Club the keepers are kept busy "shooting" out hunters

### WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderrine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out. Advertisement.

Panama-Pacific International Exposition of San Francisco

Panama-California Exposition at San Diego  
January 1 to December 31, 1915

Here are some convincing facts concerning the great Exposition at San Francisco: Not one of the 42 exhibiting foreign nations has withdrawn, while three of them have increased their participation. Seven nations involved in war and five neutral European nations will have their own buildings. Exhibits from eleven foreign countries have already arrived. Forty-three of our states and one city are making individual exhibits. Finally, these exhibitors are spending more money than previously expended in any two other expositions.

who accidentally or purposely row into their lake, but here the hunter is met in a gentlemanly way and told that he is trespassing, his name and address is taken from his hunting license and he is warned not to again come inside of their private property.

One of the first arrests of the season happened on the Lomita grounds. "Slim" Love, a Los Angeles ball player, was the victim, and when the case was tried at Huntington Beach Judge Shirley threw it out of court, warning the arresting officer about bringing hunters in under such circumstances. "Slim" testified that he "didn't see any signs up in them swamps over yonder" and that "the fences were broken down."

Many of the hunters arrested have eluded together and will fight their cases. They are well-armed with photographic proof and complain about the rude handling they had to submit to from the arresting deputies from the gun clubs.

The trial is slated for Monday, next, and will be held at Santa Ana, next Huntington Beach, much to the regret of hunters involved.

## SAYS WALNUTS ARE SELLING RAPIDLY

Sales of walnuts from Southern California since Christmas have been the heaviest ever made for this season of the year, announces H. Zander of Los Angeles, assistant manager of the California Walnut Growers' Association.

Only one-sixth of the crop remains to be disposed of and it is anticipated that within the coming month this will have been contracted for. The close of the selling will bring to the growers belonging to the association the last of the \$1,500,000 to be received by them this season for their product.

Mr. Zander states that the reason California walnuts are in such demand at present is because the eastern jobbers had expected large shipments of foreign nuts. The nuts arrived in sufficiently large quantities, but they proved to be of very inferior quality when compared to the California product. California walnut growers can look forward to an exceedingly profitable market next season, as Europe will probably be unable to supply its customary importations, asserts Mr. Zander.

## THE FRATERNAL AID UNION'S OFFICERS ARE GIVEN CONTROL

ORANGE, Jan. 8.—The Fraternal Aid Union met last evening in Odd Fellows Hall for the installation of recently elected officers. The event was a very pleasant one for all who attended.

The double dining rooms were handsomely decorated with streamers of smilax and the tables were adorned with roses and ferns. Dinner was served at six o'clock as the opening exercises followed. I. E. Lee of Los Angeles, state manager of the F. A. U., acted as installing officer with Mrs. Madge Christensen as captain. The work was smoothly and impressively carried out.

Officers installed were: D. C. Drake, president; Harry B. Handy, vice president; Julia E. Campbell, past president; Lotta B. Gittel, secretary; W. W. Perry, treasurer; May Peterkin, chaplain; Crockett Riley, inner guard; Leo F. Douglass, outer guard; Ilo I. Robinson, guide; Ross Miller, trustee. The captain and medical examiners were not present.

The Orange Volunteer Fire Department gathered at the city hall last evening to hold its annual election of officers. Practically all of the old set of officers were re-elected, as follows: W. E. Clement, chief; Geo. Christenson, asst. chief; A. L. Tomblin, 2nd asst. chief; K. E. Watson, president; E. G. Hutchinson, vice president; H. Winslow, secretary; H. Moberly, treasurer; A. R. Todhunter, fire police No. 1; Hy Winslow, fire police No. 2; Alfred Priess, hose foreman; Geo. Sunbury, ladder foreman; Chas. Barker, P. R. Davis, Wm. Vickers auditing committee.

A vote of thanks was offered to the Colonial Theater for the benefit performance given for the fire department. The firemen repaired to Deckert's after the meeting and enjoyed a feast of tamales as guests of Chief Clement.

The Glee Club of the U. S. C. College of Music appeared at Campbell's Hall last evening and gave a splendid concert. The crowd was rather small owing to the numerous counter attractions, but those who attended felt well repaid.

A two part program was presented by the college boys, school songs, solos, duets, and chorus numbers being the principal features. Dialect and humorous selections were pleasing diversions from the classical selection.

## A SUGGESTION FOR BUSY HOUSEWIVES

How to Solve the Problem of Dessert

If you should ask the average man or boy what he would rather have for dessert, the great majority would answer "Pie." As to the kind of pie, tastes of course would differ, but none of them would feel badly if you brought on MINCE.

There is something about Mince Pie which seems to appeal to the palate of every healthy youngster, and which brings back happy memories to him after he has become the father of other healthy youngsters.

You know, of course, that the up-to-date housekeeper no longer goes through the ordeal of making up the Mince Meat herself. She has learned by experience that the finest Mince Meat in the world—the kind "Like Mother Used to Make"—is put up in tight packages under the brand "None Such" and can be obtained at all good grocers. What you may not know is that "None Such" does not confine her use of "None Such Mince Meat" to Mince Pies, but employs it in the preparation of most delicious fruit puddings, fruit cakes and hermit cookies, as well.

By keeping a few packages of "None Such" in the house she is always prepared to serve a variety of most appetizing desserts at short notice. Full recipes will be found on each package.—Advertisement.

## COMPENSATION TO HUNTERS' FAMILIES

Sec'y Bryan Asks Canada to  
Make Amends and to Dis-  
avow Acts of Patrol

WASHINGTON, Jan. 9.—Secretary of State Bryan yesterday signed the note drafted at the department for presentation to the Canadian authorities in regard to the shooting of two American hunters by Canadian patrols near Fort Erie. The note was sent to the British embassy late yesterday and it is understood will be transmitted thence to the Canadian government without the formality of going first to the London foreign office.

It is understood the note expresses the belief that the acts in the case warrant this government asking that full disavowal be made by the Canadian government of the act of the patrol; that the families of the two men who were shot be adequately compensated and that proper action be taken with regard to the soldiers who did the shooting.

In view of the fact that Thursday the British ambassador voluntarily made it known that the Canadian government already had reached a decision to compensate the families of the two men, it is not believed there will be any serious difficulty in adjusting the affair.

## JEROME APPOINTED TO PROSECUTE HARRY THAW

NEW YORK, Jan. 9.—William Travers Jerome received an appointment yesterday from Attorney-General Woodbury, designating him a special deputy state attorney-general to prosecute Harry K. Thaw when he is returned to the jurisdiction of New York state.

When the mandate of the United States supreme court is served on Thaw Mr. Jerome said that he would at once take steps to have Thaw brought to this state.

Los Angeles Produce Market  
Because speculators practically cornered the market on storage stock, the majority of dealers in that commodity have gone gunning, according to reports received here yesterday morning, and the result was a decline on ranch case count stock to 27 1/2 cents, a drop of almost a hundred per cent in a little more than a week. Two heavy dealers in storage stock have gradually gathered in all of the available eggs of this character, and the price reported paid by them would make their holdings rather disastrous if fresh eggs continue to sell for a few days at their present value. In Los Angeles the decline has been more gradual than in the north, and the market yesterday morning, instead of dropping, advanced one cent. Trading was very active, and storage stock is scarce here. Receipts were 230 cases, and some local dealers are looking to still further advances, because fresh eggs are about the only kind to depend on at this time for a supply, and not enough are coming in to keep half of the population in eggs. The lower market may divert considerable stock to Los Angeles which would work against an advance. Butter was unchanged, receipts being 42,900 pounds. In the north the

**NOTICE OF SALE BY REFEREE**

In the Superior Court of the State of California, in and for the County of Orange.

Mary E. Schilling, Plaintiff, vs. Robert Evans, Frank Shearer, as guarantors of the persons and estates of Ralph and Earl Shearer, minors, Nettie H. Wallace, as guardian of the person and estate of Raymond Wallace, minor, and Charles W. Wallace, as guardian of the person and estate of Margaret Wallace, Defendants.

Notice is hereby given that under and in virtue of all judgments, judgments, issued out of the above-entitled Court in the above-entitled cause whereby the undersigned was appointed sole referee for the purpose of making sale of the property hereinafter described in accordance with the provisions of said interlocutory judgment, which was, on the 8th day of January, 1915, filed in the office of the County Clerk of the County of Orange, reference to which is hereby made, for particulars, I will sell the property hereinafter described, at private sale at the office of Scarborough & Forgy, Room 2, First National Bank Building, in the City of Santa Ana, County of Orange, California, on or after Monday, the 18th day of January, 1915, at or after the hour of ten o'clock in a.m. of said day to the highest bidder for cash, lawful money of the United States.

The property hereinafter referred to and which will be sold in accordance with this notice is described as follows, to-wit: Being in the Rancho Santiago de Santa Ana, County of Orange, State of California, and described as commencing at a point on the South line of Section 21, Township 4 South, Range 9 West, S. B. & M., 40 chains East of the Southwest corner of said Section 21, and thence South 22 1/2 chains to beginning, thence West 23 1/2 chains to beginning, containing 23 1/2 acres, being the South line of Lot No. 10 of the Leandro Serrano Tract, in said Rancho, as surveyed by E. R. Nichols on November 10th, 1873 and reference is hereby made for further particulars to the plat of said tract recorded in Book 12, page 452 of Mortgages, Records of Orange County, California.

Dated this 8th day of January, 1915.  
D. N. KELLEY,  
Sole Referee.

**NOTICE INVITING BIDS**

Santa Ana, Cal., Jan. 6th, 1915.

In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted January 6th, 1915, directing that Notice be given, it is hereby given that said Board will receive at its offices at the Court House at Santa Ana, Cal., or at the County Clerk's office, on or before January 13th, 1915, sealed bids or proposals for the construction of two reinforced concrete bridges in the Tustin Road District as follows:

Two ten-foot spans on Irvine Boulevard, and two fifteen-foot spans on Laguna Road.

Bids must be on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for Tustin Road District Bridges."

The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.

The said work must be done in strict conformity with plans and specifications therefor, which are on file in said office, and which have been adopted by the Board of Supervisors of said County, on January 6th, 1915, and are on file in the office of said Board, and reference is hereby made to said plans and specifications for full particulars and descriptions of the said work. Copies will be furnished free of charge upon application to the County Surveyor of said County.

Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten (10) per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for the said work shall be given by the bidder, and furnished for the performance of the work contracted to be done by the Contractor or any work or labor of any kind done thereon.

The Board of Supervisors reserves the right to reject any and all bids, and in the order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS,  
County Clerk.

**HOW TO CURE A LA GRIPPE COUGH**

—“Coughs that hang on” demand treatment. Stop and think! Reason and common sense tell you that it is folly to “grin and bear it.” Those racking la grippe coughs that wrench the body and cause soreness and pains in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment. Forty years' record of successes proves this. For coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can find nothing that will compare with this reliable remedy.—Advertisement.

**THE LIVER REGULATES THE BODY A SLUGGISH LIVER NEEDS CARE**

Someone has said that people with Chronic Liver Complaint should be shut up away from humanity, for they are pessimists and see through a “glass darkly.” Why? Because mental states depend upon physical states. Biliousness, Headaches, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c at your Druggist—Advertisement.

## PRESIDENT NEARLY SURE L.A. VISITOR

Battleships Will Be Plentiful on Coast During Spring and Summer

**WASHINGTON, Jan. 9.**—Representative Stephens has received a letter from Assistant Secretary of the Navy Roosevelt, indicating that President Wilson will stop at Los Angeles on his coast trip. Mr. Stephens wrote Mr. Roosevelt, who is on a special committee arranging the itinerary of the President and the fleet. He urged the President to visit Los Angeles and that the fleet also visit the city. Mr. Roosevelt in response says: “My Dear Mr. Stephens: You can rest assured that I have done and shall continue to do everything possible to persuade the President to stop at Los Angeles on his way from San Diego to San Francisco. Such a stop would be in every way appropriate.”

“Also I feel sure that in the spring and summer the citizens of Los Angeles will have plenty of opportunity to see some of the battleships which will go up the coast. Very sincerely yours,”

“FRANKLIN D. ROOSEVELT.”
